

**PRODUCT DISCONTINUATION ANNOUNCEMENT**

*PCS to Discontinue Low Volume Offerings in February 2021*

*October 12, 2020*

After a thorough product line evaluation and careful consideration, the following products will be discontinued effective February 1, 2021. Product discontinuances are in keeping with our practice of rationalizing low demand offerings to allow room for future improvements and additions, including fresh new designs and on-trend finishes. In addition to the product eliminations, we will be introducing several NEW finishes in 2021. Stay tuned for more details to come.

Please take these changes into consideration when specifying new projects. For information and direction on existing projects that specify any of the discontinued products, please contact your Account Manager/Sales Representative to discuss options.
